## ANNOUNCEMENT

The Chilterns Prostate Cancer Support Group (CPCSG) is pleased to announce that a **PSA Testing Day** has been arranged for the South Bucks area. It will be held on **Saturday 2 July 2022 at the Wycombe Arts Centre, 15 Desborough Road, High Wycombe HP11 2PU**

This is open to all men over 45 but we are trying to focus on those in a higher risk category namely Afro-Caribbean men, Asian men and all men with a history of prostate cancer in their family. We have partnered with the Graham Fulford Charitable Trust (GFCT) who will provide the medical personnel, the testing and notification process to inform the tested men whether or not they may need to seek further medical GP attention regarding potential risk of prostate cancer.

This is a **free** event, unusual because 90% of testing days now charge £15-£20 per test. This has been made possible through the generosity of several of our donors, including: The Heart of Bucks Community Foundation, the Ex-Wycombe Wanderers Players Association, the Penn Pond Waders Golf Society, the Wycombe Orpheus Male Voice Choir, and a personal donation from the estate of the late Garry Scott. We intend to canvas local businesses, sport and social organisations etc for donations towards this and future testing events

**Appointments for PSA tests can only be made online at [www.gfct.mypsatests.org.uk](http://www.gfct.mypsatests.org.uk)**

Online booking is essential as owing to medical protocols and administrative requirements "walk ins" are not possible. **Testing is by appointment only.**

If anyone has difficulty booking the event online please call 01296 419959 and one of the team will be pleased to help.

Please help us to save lives by sharing this information with colleagues, friends and family.
