Dear Sir/Madam,

### Drainage Investigations – High Street, Old Amersham

Transport for Buckinghamshire (TfB) are due to carry out drainage investigations along High Street, Old Amersham to identify potential issues with the existing carriageway surface water drainage.

The investigations will be carried out from Monday 30<sup>th</sup> January for approximately 2 days and will be carried out between the hours of 08:00 and 16:00.

To enable the investigations to be carried out without delay, we will require a short distance of on street parking to be relocated during these hours. No waiting cones will be placed on the carriageway in advance to confirm these areas.

During the investigations we may need to gain access to the rear of some properties located along the High Street with gardens backing onto the River Misbourne. This is to gain access to any pipework that outfalls into the River Misbourne.

If there are any queries regarding these investigations, please do not hesitate to contact me at the below e-mail.

We apologise in advance for any inconvenience that these investigations may cause.

Regards

**Jonathan Roberts**  
Senior Engineer  
Design Services
